Week in Review

Successes We had an unique opportunity to work with Bishop Diego High School's Innovation and Design Class team members on Thursday morning to come up with possible solutions for storage space for the students to better keep their books, backpacks, and school supplies. Students rotated among three stations expressing their needs, brainstorming ideas, and then building cardboard and playdoh models. I was truly impressed with their creativity, thoughtfulness, and overall hardwork. Great job!

Opportunities for Growth Students are struggling with transitions between classes and after recesses. I encourage them to quickly get a drink of water, use the bathroom, tuck in their shirts, line up in their designated lines, have all materials ready at their desks, and to limit socializing at the cubbies.

CITIZENSHIP AWARD Congratulations to Michaela Morrison for earning this week's citizenship award. She has set a great tone for our class by being kind and respectful to her peers and faculty, and staying organized and responsible with her schoolwork.

SCHOOL FAMILY MASS Please join the 8th graders as they lead the 10am liturgy this Sunday. Students are encouraged to attend in their uniforms.

GIRLS' VOLLEYBALL Practice will start on Monday for Girls' Volleyball.

PICTURE DAY Please find picture order forms in your Friday folder. Students may wear Code A or uniform next Friday.

COMMUNITY SERVICE PROJECT OPPORTUNITIES Helping set up tables and etc. for Back to School BBQ would be a great service opportunity. Mimi Jarchow is the contact person, the one who would sign service hour sheets. Also, the Day of Caring through the United Way is coming up on Saturday, September 17th as well as Coastal Cleanup Day. Please follow the links below for details. <http://www.unitedwaysb.org/day-caring-2016>
